

1. Since the 1960s, _____ (学术不端) continues to _____ (引起广泛关注) from the media.
2. _____ (在更广泛的社会层面上), they stress that the costs to the public through inadequately trained graduates could _____ (对公共安全造成威胁).
3. It has been suggested that the problem is growing, requiring universities to _____ (投入更多的时间和资源来应付).
4. Whilst the number of cases was low, I felt _____ (强烈的失望和挫败感).
5. Good academic writing is contingent on _____ (培养优秀的研究和写作能力), critically reading and comprehending appropriate sources.
6. As a consequence of plagiarism, students deny themselves an opportunity to master these skills, _____ (使学术写作愈加困难).
7. We are aware that when _____ (试图改变) people's attitudes or behaviors, it is necessary to have a good understanding of _____ (该人对这一问题的认知和态度).
8. We can _____ the same **principles** to _____ (更好理解) student perceptions, and then _____ appropriate **strategies**.
9. Comparable sentiments are expressed by Ashworth _____ (关于) plagiarism.
10. There is _____ (益处) in understanding students' perspectives regarding plagiarism in order to _____ successful **strategies** to promote academic integrity and _____ (从而) prevent plagiarism.
11. Whilst policy may exist, students _____ (并不太了解或理解).
12. _____ (鉴于此), the aim of our research program is to _____ (系统地考察) students' understanding of plagiarism, _____ (旨在) informing the institution on approaches.
13. These _____ (包括但不限于)
14. To better understand student perceptions of plagiarism, we need to _____ (既要考虑学生的个体特征) but also broader contextual factors.
15. Over half of the academics surveyed not only reported _____ (对政策并不熟悉), but also did not _____ (参考) the policy when _____ (处理) incidents.
16. Only _____ (很小的样本量) of 13 students was utilized, and questions _____ (具体集中在) students' ability to define and avoid plagiarism.
17. This current study aims to _____ (在他们的工作基础上进一步延伸).
18. Limited exposure to learning about plagiarism may _____ (导致) unintentional plagiarism.
19. The following discussion was echoed _____ the seven focus groups, _____ (不管年级和专业).
20. Students _____ the seven focus groups _____ (都有类似的认知) plagiarism.
21. There is _____ (大量文献) on academic dishonesty.
22. While the results do _____ (有助于更好理解) how students perceive plagiarism and the consequences of those beliefs, (结论需要谨慎认证) _____ due to the study's exploratory nature.
23. This indicates that the participants _____ (关注) plagiarism, _____ (正如前面所讨论的) ...

1. Since the 1960s, **academic dishonesty** continues to **attract considerable attention** from the media.
2. **At a broader social level**, they stress that the costs to the public through inadequately trained graduates could **pose a threat to public safety**.
3. It has been suggested that academic dishonesty is growing, requiring universities to **devote increasing time and resources to combat it**.
4. Whilst the number of cases was low, I felt **an overwhelming sense of disappointment and frustration**.
5. Good academic writing is contingent on **developing sound skills in both research and writing**, critically reading and comprehending appropriate sources.
6. As a consequence of plagiarism, students deny themselves an opportunity to master these skills, **making academic writing increasingly difficult**.
7. We are aware that when **attempting to modify people's attitudes or behaviors**, it is necessary to have a good understanding of **the target person's perceptions of, and attitudes towards, the issue**.
8. We can **apply** the same principles to **gain a better understanding of** student perceptions, and then **develop** appropriate strategies.
9. Comparable sentiments are expressed by Ashworth in **relation to** plagiarism.
10. There is **merit** in understanding students' perspectives regarding plagiarism in order to **develop** successful strategies to promote academic integrity and **thereby** prevent plagiarism.
11. Whilst policy may exist, students have little knowledge or understanding of it.
12. In the light of this, the aim of our research program is to systematically examine students' understanding of plagiarism, with the intention of informing the institution on approaches.
13. These include, but are not limited to,....
14. To better understand student perceptions of plagiarism, we need to take into account not only individual student characteristics but also broader contextual factors.
15. Over half of the academics surveyed not only reported a lack of familiarity with the policy, but also did not refer to the policy when dealing with incidents.
16. Only a small sample pool of 13 students was utilized, and questions centered specifically on students' ability to define and avoid plagiarism.
17. This current study aims to extend and build upon their work.
18. Limited exposure to learning about plagiarism may contribute to unintentional plagiarism.
19. The following discussion was echoed throughout the seven focus groups, regardless of year and discipline.
20. Students across the seven focus groups shared similar perceptions of plagiarism.
21. There is abundant literature on academic dishonesty.
22. While the results do provide a greater understanding of how students perceive plagiarism and the consequences of those beliefs, caution is needed in drawing strong conclusion due to the study's exploratory nature.
23. This indicates that the participants were concerned about plagiarism, as discussed previously...
